

## **College of Education and Health Professions - Strategic Plan 2013**

Columbus State University is a four-year public university with approximately 8300 students located in Columbus, GA on the border of Georgia and Alabama. The College of Education and Health Professions (COEHP) supports programs in educator preparation, counseling, nursing, and exercise and health sciences. The college is nationally accredited by the National Council for Accreditation of Teacher Education with all education programs recognized by the Georgia Professional Standards Commission. The School of Nursing is nationally accredited by the National League for Nursing Accrediting Commission and the BSN program is approved by the Georgia Board of Nursing. The College has an enrollment of 2362 students (not including enrollment in teacher preparation programs housed in other colleges), and prepares educators, counselors, nurses and professionals in health and exercise science within 18 undergraduate and 31 graduate programs.

### **Vision Statement**

The vision of the College of Education and Health Professions is to prepare highly qualified professionals and leaders who possess the knowledge, skills, and dispositions needed to increase the quality of life in the community by improving P-12 student learning and professional health care.

### **Mission Statement**

The mission of the College of Education and Health Professions is congruent with and complements that of Columbus State University. The College of Education and Health Professions has adopted the guiding principle, Creating Opportunities for Excellence, to support its mission...to achieve excellence by guiding individuals as they develop the proficiency, expertise, and leadership consistent with their professional roles. By creating opportunities for excellence, the College of Education and Health Professions prepares highly qualified teachers, counselors, nurses, health professionals and leaders who promote high levels of learning by demonstrating excellence in teaching, scholarship, and professionalism. Candidates continually acquire, integrate, refine, and model these qualities as they develop proficiency, expertise, and leadership. Ultimately, candidates believe in the serving the community by providing quality education and care. COEHP faculty guide individuals in this developmental process.

## COE/COEHP Programs and Fall Student Enrollment

	2002	2008	2009*	2010	2011
COE/COEHP Undergraduate Programs	12	16	18	18	18
CSU Undergraduate Programs	45	44	45	46	45
COE/COEHP Graduate Programs	23	28	31	31	31
CSU Graduate Programs	32	34	38	39	42
COE/COEHP Undergraduate students	968 (+31%)	1288 (+22%)	1981** 1271 (Educ) 710 (Hlth Prof)	2030** (+2.5%)	2044** (+1%)
COE/COEHP Graduate Students	477 (+59%)	555 (+3%)	624 (+12%)	624	614 (-1.6%)
Total Students Enrolled in COE/COEHP	1445 (+39%)	1843 (+16%)	2165 (+17%) 2605**	2260 (+4%) 2654** (+2%)	2362 (+4.5%) 2658** (+0.2%)
CSU Undergraduate Students	5,319	6838	6969	7069	7037
CSU Graduate Students	931	1115	1210	1229	1270
Total Students Enrolled at CSU	6,250	7953	8179	8298	8307
COE/COEHP Budget	\$3,267,753	\$4,145,459	\$4,388,475	\$6,796,538	\$6,986,262
CSU Budget ( <i>from AACTE PEDS report</i> )	\$74,680,112	\$88,204,860	\$95,983,166	\$109,519,209	\$116,212,442
COE/COEHP Full-Time Faculty	38	40	61 40 (Educ) 21 (Hlth Prof)	56	60
CSU Full-Time Faculty (including faculty with more than 50% administrative responsibilities)	218	283	296	300	309

\*In Fall 2009, Health Sciences and Nursing were added to the College of Education, and the college became the College of Education and Health Professions. Enrollment numbers for 2009 were taken from two sources: the CSU Fact Book, 2009-2010, Enrollment by Declared Majors: College of Education and Health Professions and the "Students by Major by Department" report in ISIS (used to count enrollments in teacher preparation programs housed in the College of the Arts and College of Letters and Sciences).

\*\* Total enrollment including undergraduate teacher preparation programs housed in the College of the Arts and College of Letters and Sciences.

## **GOALS 2013**

### **Academic Programs**

The College of Education and Health Professions significantly contributes to the academic mission of the university by providing 82% (31) of all graduate programs (38) within the university and 40% (18 out of 45) of all undergraduate programs.

As a professional leader in P-12 education and health professions for the region, the College of Education and Health Professions seeks to:

1. Obtain a Doctorate in Education.(CSU Goal 1)

The first doctoral cohort of twenty-two candidates enrolled in classes in January 2010. Of those 22 candidates, 20 successfully completed coursework in spring and summer semesters and are enrolled in classes in Fall 2010 (91% retention rate).

	# of candidates admitted	Total enrollment	# of program completers
Spring 2010	22	22	NA
Fall 2010	14	32	NA
Fall 2011	8	36	1

2. Exceed state and national pass rates on certification/licensing exams. (CSU Goal 1)

- a. Exceed the national average for first time pass rate for NCLEX-RN examination.

From 2005 to 2008 the average first time pass rate on the National Council Licensure Examination (NCLEX) was 95%.

Nursing Class	Number Tested	Number Passed	Percent Passing	National Pass Rate
2009	83	80	96%	88%
2010	84	74	88%	88.69%
2011	82	75	91%	89.09%

- b. Exceed the national average for the pass rate on the national counselor exam.

### **National Counselor Exam (NCE) Results**

	Number Tested	Number Passed	Percent Passing
2006-2007	24	23	96%
2007-2008	23	21	91%
2008-2009	14	12	86%
2009-2010	19	19	100%
2010-2011	15	14	96%

- c. Exceed the Georgia Assessment of Certified Educators examination pass rate for all certification areas. (CSU Goal 1)

In 2010-2011, all COEHP educator preparation programs had a pass rate of 83% or better. Eight of the 13 programs for which scores were reported during this time period had a 100% pass rate. Eleven of the 13 programs had pass rates, on one or more of the required tests in that field, that exceeded the state average pass rates. See table below.

Georgia Assessments for the Certification of Educators (GACE)

3. Add new graduate degrees to address the need of the region (CSU Goal 1):

a. Master of Science degree in Exercise Science

The MS in Exercise Science was approved by the CSU curriculum committees and Graduate Council. Plans are to submit the program proposal to the Board of Regents within the next two years for review and system approval.

b. Master of Science degree in Nursing

The MS in Nursing was approved by the Board of Regents in Spring 2011. The first cohort of students was admitted in Fall 2011.

c. Master of Public Health

The Master of Public Health program has been developed and approved by both the HPEX and COEHP curriculum committees. The proposal will be submitted to the CSU Graduate Council in Fall 2012 for approval. Additional faculty with public health credentials have been added to the Health Science team to support this program.

d. Master of Education degree in Student Affairs

The MEd in Student Affairs was approved by the CSU curriculum committees and Graduate Council and was submitted to the Board of Regents for review but was not approved. We do offer an Educational Leadership Higher Education Track.

e. Master of Science degree in Marriage, Couple and Family Counseling

The Department of Counseling, Foundations, and Leadership is not currently pursuing the creation of a degree program in Marriage and Family Therapy. While this may be a viable addition to the degree offerings of the department in the future, faculty have made a decision to focus on a certificate program. The certificate program in Marriage and Family Therapy is a certification program that prepares students for state licensure as a marriage and family therapist.

f. Online Master of Arts in Teaching Degree in Math and Science Education

The online MAT in Math and Science was implemented in Spring 2009.

	# of candidates admitted	Total enrollment	# of program completers
2009-2010	12 math 5 science	12 math 11 science	NA
2010-2011	12 math 5 science	22 math 16 science	5 math 4 science
2011-2012	4 math 5 science	14 math 10 science	2 math 2 science

g. Specialist Degree in Special Education

The EdS in Special Education was approved by the Board of Regents in Spring 2011. The first cohort of six students began the program in Fall 2011.

4. Achieve outstanding ratings (4) on all indicators of the Regent’s Principles and Actions for teachers, counselors, and leaders. (CSU Goal 1)

Institutions are not currently required to submit institutional reports addressing the Regents’ Principles and Actions for the preparation of counselors and leaders. Teacher preparation programs are required to submit NCATE Part C reports and 20,000 by 2020 updates in the place of their P & A reports. The BOR has established a task force to review the Principles and Actions before going forward with the requirement for this reporting in the future.

5. Expand programs to address the needs in the region. (CSU Goal 1)

- a. Revise Master of Education Degree in Special Education to include Adaptive Curriculum as a specialty.

Currently under development

- b. Create Online RN to BSN program for nursing.

In 2009-2010, the RN-BSN program was revised to reflect the new BSN program outcomes. The first cohort of 22 students enrolled in the online RN to BSN program in Fall 2010. This program was also placed fully online (except for a community clinical experience that can be done in the student’s geographic area with a faculty approved preceptor). The program is 12-months in length and courses are offered in 8-10 week sessions making the load more manageable for working nurses. The program starts every October but multiple entry points are being considered.

The first cohort in the online RN to BSN program enrolled in classes in Fall 2010.

	Enrollment	# of program completers
Fall 2010	22	NA
Spring 2011	21	1
Fall 2011	69	11
Spring 2012	57	0

- c. Create Online BSN to MSN program for nursing.

The MSN program was approved by the BOR in spring 2011. This 4-semester program offers tracks in education and leadership and is fully online except for a practicum. This program is offered collaboratively with Clayton State University and Georgia Southwestern University. The curriculum is currently being revised to reflect the new American Association of Colleges of Nursing (AACN) standards.

- d. Develop and offer an online Master of Education in Educational Leadership

The online MEd in Educational Leadership was implemented in Spring 2009.

	# of candidates admitted	Total enrollment	# of program completers
2009-2010	17	31	6
2010-2011	28	51	19
2011-2012	16	42	1

- e. Create EDS Leadership online

A substantive change report was submitted to the Georgia Professional Standards Commission (PSC) in Spring 2011. The online EdS program in Educational Leadership was approved and will start in Fall 2012.

- 6. Obtain or maintain national accreditation/recognition for all eligible programs

- a. Maintain NCATE/PSC accreditation.

Preparations are underway for the Spring 2013 onsite continuing approval review. Program reports will be submitted to the PSC in September 2011.

- b. Obtain National Accreditation of both the undergraduate and graduate programs in Health Science by the Council of Education in Public Health (CEPH). (CSU Goal 1)

Two additional faculty members will be joining the Health Science team beginning in the Fall 2012 semester. The addition of these two faculty members will provide the qualifications (student-teacher ratio) needed in order to move forward with the accreditation process.

- c. Obtain national recognition for educator preparation programs from Specialty Program Associations (SPAs) recognized by NCATE. (CSU Goal 1)

Special Education program reports were submitted to the Counsel on Exceptional Children (CEC) in March 2011. In Fall 2011, we received word that the BSEd and post-bac programs were nationally recognized with conditions. The MAT program

required further development. A response to the conditions and a fully developed MAT program report will be submitted in September 2012.

- d. Obtain national accreditation from the American Association of Colleges of Nursing while maintaining accreditation from the National League for Nursing Accrediting Commission. (CSU Goal 1)

The School of Nursing was granted full accreditation, without recommendations, from the Commission on Collegiate Nursing Education (CCNE) in March 2010. The initial accreditation was granted for the maximum time of 5 years. The next scheduled visit will be spring 2015. The National League for Nursing Accrediting Commission accreditation was allowed to lapse in December 2010 after receiving notification from CCNE.

- e. Maintain national accreditation of counseling programs from Counseling and Counseling Related Educational Programs (CACREP).

The counseling programs completed a self-study and underwent a review by CACREP in 2009. The program maintained their national accreditation from Counseling and Counseling Related Educational Programs of the American Counseling Association through 2017.

7. Expand international and study abroad opportunities for COEHP faculty and students.

- a. Offer HPEX study abroad program in Oxford, England.

The first study abroad Health Science course will be offered in Summer 2012 at the Spencer House on Oxford University's campus in England. Faculty members within the HPEX department are also considering another initiative in partnership with the Department of Teacher Education to offer courses within the Physical Education and Health Science program. In addition, a faculty member will be traveling to Athens, Greece for an international presentation concerning the Exercise Science discipline.

- b. Offer Teacher Education study abroad programs in Quito, Ecuador.

Two teacher education study abroad programs have been approved for 2012-2013. Students in EDUC 2120 will have the opportunity to travel to Quito, Ecuador over spring break week, to experience education in another culture. Also, student teachers will have the option of doing a half-semester of student teaching in Quito, Ecuador.

## **People**

As a leader in graduate education at CSU, the College of Education and Health Professions graduate student enrollment in Fall 2011 was 614 students which is 48% of the 1270 total graduate population at the university. The College of Education and Health Professions has streamlined admission criteria, program accessibility and developed an active recruitment strategy to provide quality programs for educators in the region. COEHP graduate enrollment has increased by approximately 29% since 2002. With continued growth, the College of Education and Health Professions anticipates an enrollment of 800 students by 2013.

Undergraduate enrollment in the College of Education grew to more than 1000 students in 2007 which was a 43% increase since 1997. In 2009, programs in Health Science and the School of Nursing merged with the College of Education to become the College of Education and Health Professions, creating an undergraduate enrollment of more than 1900 students (including enrollment in teacher preparation programs housed in other colleges). In Fall 2011, undergraduate enrollment was at 2044 students in COEHP and other teacher preparation programs.

While the student enrollment in the College of Education and Health Professions has dramatically increased, the number of full-time faculty has not. From 1997 to 2008, the number of faculty increased by three positions (37 to 40 or 8%). In Fall 2009, four health science faculty and 17 nursing faculty were added to the COEHP as a result of the reorganization of the college, but no new faculty positions were added. While the COEHP has seen little increase in the number of full-time faculty since 1997, the university as a whole has increased the number of faculty from 221 in 1997 to 296 in 2009, which is a 34% increase.

As a professional leader in P-12 education and health professions for the region, the College of Education and Health Professions seeks to:

1. Increase the number of qualified faculty. (CSU Goal 1)

	Fall 2007	Fall 2008	Fall 2009*	Fall 2010	Fall 2011
Total Full-Time Faculty	38	40	61* 40 (Education) 21 (Health Prof)	59	62
Tenured Faculty	20	19	24*	22	22
Tenure-track Faculty (not tenured)	11	12	22*	20	19
Not on tenure track	7	9	15	17	21

\* Increase in number of faculty due to addition of Health Science and Nursing faculty as a result of the college reorganization; no new faculty positions added in Fall 2009

2. Increase the number of full and part-time advisors in the College of Education and Health Professions Student Advising and Field Experiences (SAFE) office. (CSU Goal 1)

	2007-2008	2008-2009	2009-2010	2010-2011	2011-2012
Number of full-time faculty working as advisors	1	1	2	2	3
Number of part-time faculty working as advisors	1	1	0	1	1
Number of part-time advisors	3	2	1 Health Science 2 Teacher Ed 2 Nursing	2	2

3. Increase the number of candidates enrolled in high need fields in the following areas: Special Education, Mathematics Education, Science Education, Middle Grade Mathematics, Middle Grades Science, English Education, History Education, Foreign Language Education and Nursing. (CSU Goal 2)

**Number of Candidates Enrolled by Program**

	2007-2008	2008-2009	2009-2010	2010-2011	2011-2012	% change since 2007
Special Education	106 (56 BSEd, 8 PB, 42 MAT)	133 (65 BSEd, 16 PB, 52 MAT)	116 (66 BSEd, 8 PB, 42 MAT)	140 (81 BSEd, 13 PB, 46 MAT)	120 (84 BSEd, 11 PB, 25 MAT)	+13%
Secondary Mathematics	53 (43 BS, 3 PB, 7 MAT)	54 (31 BS, 7 PB, 11 MAT, 5 MATC)	82 (44 BS, 5 PB, 21 MAT, 12 MATC)	86 (40 BA/BS, 4 PB, 20 MAT, 22 MATC)	59 (36 BA/BS, 1 PB, 8 MAT, 14 MATC)	+11%
Secondary Science	43 (28 BA/BS, 1 PB, 14 MAT)	48 (25 BA/BS, 5 PB, 10 MAT, 8 MATC)	57 (29 BA/BS, 5 PB, 12 MAT, 11 MATC)	48 (22 BA/BS, 1 PB, 9 MAT, 16 MATC)	52 (35 BA/BS, 2 PB, 5 MAT, 10 MATC)	+21%
Middle Grades	127 (95 BSEd, 17 PB, 15 MAT)	119 (77 BSEd, 13 PB, 29 MAT)	129 (93 BSEd, 4 PB, 32 MAT)	128 (86 BSEd, 11 PB, 31 MAT)	100 (82 BSEd, 5 PB, 13 MAT)	-21%
Secondary English	87 (62 BA, 5 PB, 20 MAT)	89 (55 BA, 9 PB, 25 MAT)	101 (67 BA, 1 PB, 33 MAT)	90 (60 BA, 3 PB, 27 MAT)	76 (55 BA, 1 PB, 20 MAT)	-13%
Secondary History	101 (86 BA, 6 PB, 9 MAT)	96 (76 BA, 6 PB, 14 MAT)	118 (98 BA, 2 PB, 18 MAT)	101 (80 BA, 6 PB, 15 MAT)	78 (71 BA, 0 PB, 7 MAT)	-23%
Foreign Language Education	31 (28 BA, 3 PB)	13 (12 BA, 1 PB)	19 (18 BA, 1 PB)	19 (11 BA, 8 PB)	20 (17 BA, 3 PB)	-35%
Nursing	464	483	521	581	666	+44%

Sources: CSU Facts and Figures: <http://ir.colstate.edu/reports/factsfigures.asp> and "Students by Major by Department" report in ISIS; MAT and post-bac enrollments taken from PAAR.

4. Increase the number of graduates recommended for certification and licensure in high need fields especially in the following areas: Special Education, Mathematics Education, Science Education, Middle Grade Mathematics, Middle Grades Science, English Education, History Education, Foreign Language Education and Nursing. (CSU Goal 2)

**Number of Candidates Recommended for Certification and Licensure**

	Teacher Preparation Programs		Nursing	
	Number of candidates recommended for certification	Number of minority candidates recommended for certification	Number of candidates recommended for licensure	Number of minority candidates recommended for licensure
2006-2007	380	26		
2007-2008	303	58		
2008-2009	359	109		
2009-2010	256	68	84	33
2010-2011	242	73	82	37
2011-2012	211	68	81	33

5. Increase the number of candidates admitted to the Teacher Education Program. (CSU Goal 2)

	Summer	Fall	Spring	Total
2006-2007	44	72	93	209
2007-2008	39	117	90	246
2008-2009	53	77	88	218
2009-2010	106	127	75	308
2010-2011	53	67	107	227
2011-2012	34	83	69	187

6. Increase the number of candidates admitted to the undergraduate nursing program. (CSU Goal 2)

	Number of pre-nursing candidates	Number of nursing candidates
2009-2010	330 Fall, 299 Spring	194 Fall, 181 Spring
2010-2011	425 Fall, 383 Spring	216 Fall*, 214 Spring*
2011-2012	396 Fall, 395 Spring	197 Fall, 187 Spring

\*These numbers include 19 RN-BSN students in Fall, 22 RN-BSN students in Spring.

7. Increase the number of graduate students enrolled in the College of Education and Health Professions. (CSU Goal 2)

The College has streamlined admission criteria, program accessibility, and developed an active recruitment strategy to provide quality programs for educators in the region. Graduate enrollment in the COEHP has increased by 66% from Fall 2006 to Fall 2010, but enrollment dropped by 1.6% from Fall 2010 to Fall 2011.

	Fall 2006	Fall 2007	Fall 2008	Fall 2009	Fall 2010	Fall 2011
Number of graduate students enrolled	358	539 (+51%)	555 (+3%)	624 (+12%)	624	614 (-1.6%)

8. Increase the number of graduate assistantships in the College of Education and Health Professions and include two new graduate assistants to serve as technology assistants for faculty, staff, and students. (CSU Goal 2)

#### Number of Graduate Assistants by Department

		Fall	Spring	Summer

9. Add full-time staff to support technology needs for faculty. (CSU Goal 2 and CSU Goal 5)

The COEHP Dean's Office is helping to fund a staff position for a person who provides training and support for faculty in the area of technology. This person also teaches a graduate technology course for the Department of Teacher Education.

10. Add full-time web developer. (CSU Goal 2 and CSU Goal 5)

In 2009-2010, a web developer was assigned to a  $\frac{4}{10}$  position with the COEHP. The COEHP Dean's Office is helping to fund this position.

11. Add full-time development coordinator. (CSU Goal 4)

A full-time development coordinator was hired in Spring 2009.

12. Increase administrative staff support for COEHP. (CSU Goal 1)

A part-time secretary was hired in the Dean's Office in Fall 2011.

## Finance

In 1997, the College of Education had no endowed scholarships or faculty chairs. By 2007, the College of Education secured two endowed faculty chairs and more than 10 endowed scholarships.

In 2007, the College of Education began its first unrestricted endowment for benefit of the College. The endowment began in summer 2007 with gifts of \$5,000 or greater.

In Fall 2007, the College of Education conducted its first annual fund (Friends of the College of Education) to raise unrestricted funds to support faculty recruitment and development, program development, enhanced faculty and student instructional technology, and dynamic community educational programs.

As a P-12 educational leader for the region, the College of Education and Health Professions seeks to:

1. Achieve endowments to support College of Education and Health Professions programs, faculty, and students.
  - a. Achieve a \$2,000,000 College of Education and Health Professions Endowment supported by the Education Order which is funded by gifts of \$5,000 or greater. (CSU Goal 4)

	Total amount given each year	Total Endowment
2006-2007	\$5,000.00	\$5,000.00
2007-2008	\$24,324.01	\$29,355.07
2008-2009	\$251,688.94	\$290,069.09
2009-2010	\$12,265.62	\$330,332.28
2010-2011	\$1,000.00	\$371,180.75
2011-2012	\$322.32	\$373,711.35

- b. Achieve a \$500,000 School of Nursing Endowment supported by gifts of \$5,000 or greater. (CSU Goal 4)

This was in development in 2009-2010, but efforts were redirected to build a community campaign to match gifts pledged by the hospitals. Champ Baker is leading an effort to secure pledges from physicians within the community. These funds will support additional nursing expansions, including the RN-to-BSN and MSN degree programs.

In 2010-2011, the Doctors for Nursing campaign, led by Dr. Champ Baker, helped to raise approximately \$40,000 for the School of Nursing. This fund-raising effort will be done every other year.

2. Achieve gifts to name the college and school.
  - a. Achieve a \$10,000,000 gift to name the College of Education and Health Professions. (CSU Goal 4)
  - b. Achieve a \$3,000,000 gift to name the School of Nursing. (CSU Goal 4)
3. Increase annual giving
  - a. Achieve a \$25,000 Friends of Education annual fund for the College of Education and Health Professions. (CSU Goal 4)

	Total amount given during AY
2006-2007	\$0.00
2007-2008	\$7,488
2008-2009	\$15,505
2009-2010	\$22,980
2010-2011	\$17,259.18
2011-2012	\$14,023.72

- b. Establish and achieve a \$15,000 Friends of Nursing annual fund for the College of Education and Health Professions. (CSU Goal 4)

In progress as part of the community nursing initiative. The plan is to raise these funds by developing alumni giving within the SON.

We have increased our Nurses Alumni Group registration from approximately 50 to over 200 during 2011-2012.

- c. Establish and achieve a \$5,000 Friends of the Health Sciences annual fund for the College of Education and Health Professions. (CSU Goal 4)

Representatives from various health professions throughout the community have been solicited to join the Friends of Health Sciences. Currently, the HPEX department chair is working with the COEHP development coordinator to galvanize support for this annual fund initiative.

4. Increase number of donors.

- a. Achieve 500 donors for the “Friends” of Education. (CSU Goal 4)

	Number of donors
2006-2007	0
2007-2008	55
2008-2009	51
2009-2010	62
2010-2011	51
2011-2012	15 (no phone a thon this year for edu, instead for nsg)

b. Achieve 200 donors for the “Friends” of Nursing. (CSU Goal 4)

60 donors with \$6,815.

c. Achieve 50 donors for the “Friends” of the Health Sciences. (CSU Goal 4)

5. Increase funds to support faculty professional development and research. (CSU Goal 1 and Goal 4)

**Amount Available for Professional Development by Department**

Allocation from State Funds (Amount available from Department Foundation Accounts)

	CFL funds	Teacher Education funds	HPEX funds	Nursing funds	COEHP (multiple sources)	Total available for COEHP Faculty
2006-2007	\$ 10,080	\$ 9,249 (\$7788)			\$ 13,000	\$ 40,117
2007-2008	\$ 9,818	\$ 9,249 (\$6877)			\$ 15,000	\$ 40,944
2008-2009	\$ 9,818	\$ 9,249 (\$5328)			\$ 7,500	\$ 31,895
2009-2010	\$ 9,229	\$ 8,694 (\$6818)	\$ 1,410	\$ 22,424	\$ 37,500	\$ 86,075
2010-2011	\$ 9,818	\$ 9,249	\$ 2,276	\$ 23,535	\$ 48,465	\$ 93,343
2011-2012	\$ 9,818	\$ 9,249 (\$8,126)	\$ 1,410	\$ 44,000	\$ 24,549	\$ 97,152

6. Increase funds to support student travel for professional development. (CSU Goal 2 and Goal 4)

Funding for student travel comes from a source outside the college. Each college receives a student travel allotment based on student enrollment in the college. The table below shows the total funds available to the COEHP and the amount of student travel money distributed to students in each department. Occasionally, COEHP Student Travel Funds are supplemented by funds from department foundation accounts (amount noted in parentheses).

	Total COEHP Student Travel Funds available	Funds awarded to CFL students	Funds awarded to Teacher Education students	Funds awarded to HPEX students	Funds awarded to Nursing students
2006-2007	\$ 5,845	\$ 759	\$ 4,954		
2007-2008	\$ 7,120	\$ 512	\$ 6,608		

	Total COEHP Student Travel Funds available		Funds awarded to CFL students	Funds awarded to Teacher Education students	Funds awarded to HPEX students	Funds awarded to Nursing students
2008-2009	\$ 6,680		\$ 1,896	\$ 4,784	0	
2009-2010	\$ 7,810		\$ 2,076	\$ 5,734 (\$641)	0	0
2010-2011	\$ 6,426		\$ 2,759	\$ 1,349	\$ 1,481	0
2011-2012	\$ 6,592		\$ 2,652	\$ 4,005 \$6709 (Ivy Grant)	0	0

7. Increase external funding from grants and contracts. (CSU Goal 3 and Goal 4)

#### External Funding by Department

	CFL	Teacher Education	HPEX	Nursing	Outreach Centers	COEHP	COEHP Total
2006-2007							\$1,137,525
2008-2009		\$ 20,185			\$ 306,335	\$ 953,000	\$1,279,520
2009-2010		\$ 4500		\$1,229,529	\$ 952,029	\$ 447,000	\$2,633,058
2010-2011	\$ 10,000	\$ 266,413		\$ 105,759	\$ 247,480	\$ 40,500	\$ 670,152
2011-2012		\$534,366		\$295,259		\$767,200 <i>...UTEACH and Noyce awards are listed below...</i>	\$1,596,825

#### Collaborative Grants (COEHP and COLS)

**UTEACH Columbus \$1,400,000 over 5 years**  
**Noyce Scholarship Program \$1,196,790 over 5 years**

#### Facilities

As an educational leader for the region, the College of Education and Health Professions seeks to:

1. Outfit and continue to update all classrooms in Jordan Hall, Lumpkin Center, and Illges with state of the art instructional technology including an instruction computer, projection system, audio system, document camera, and smartboard technology. (CSU Goal 5)

**Classroom Technology Provided in the College of Education and Health Professions, Fall 2006-  
Spring 2011**

<b>Type of Technology</b>	<b>2006-07 # Classrooms = 18</b>	<b>2007-08 # Classrooms = 18</b>	<b>2008-09 # Classrooms = 18</b>	<b>2009-10 # Classrooms = 23*</b>	<b>2010-11 # Classrooms = 23*</b>	<b>2011-12 # Classrooms = 26*</b>
# Student Computers	124	157	157	(167+24) 191	198	286
Instructor Workstations	18	18	18	(19+4) 23	23	26
Networked Printers	16	17	17	(18=2) 20	21	21
Data Projectors	17	18	18	(19+6) 23	23	26
Sound Systems	6	7	11	(11+4) 15	15	18
Document Cameras	3	5	5	(5 +0) 5	5	10
Wireless Presenters	0	18	18	(19+4) 23	23	26
Interactive Whiteboards	4	6	8	(18+1) 19	19	21
Classroom Performance/ Student Response Systems	1	4	4	(4+1) 5	5	5

\* Shows inclusion of Illges Hall; does not include Clearview II. Second number in parentheses is technology added in Illges.

Number of classrooms by building:      Jordan Hall – 14 (06-09), 15 (09-10)  
    Lumpkin Center – 4  
    Illges Hall – 4 (includes 3 classrooms and a computer lab)  
    Health and Wellness - 3 (11-12)

In addition to acquiring new technology for classroom use, faculty have continued to receive computer and printer upgrades for their offices, and programs have enhanced their teaching and learning as well as their research capabilities through the addition of technology. In FY11, the college purchased 54 computers for classrooms and centers, for new faculty, and as replacement computers for existing faculty and staff. Beginning in 2010-2011, each faculty member has received an iPad. Other purchases in FY11 include specialized technology for the adaptive technology lab and special education classroom, two Visagraphs for reading education, a Bod Pod Body Composition tracking system for exercise science, three copiers, two scanners, five printers, a digital camera, and wireless keyboards and presenters. In addition, conference rooms in Jordan Hall were enhanced by adding computers and data projectors.

In 2012, Teacher Education purchased a Smart Board and data projector for use by students; it is housed in the SAFE Office.

- Enhance the technology capabilities in the College of Education and Health Professions Media Production Studio to include: state of the art video editing software, online streaming for COEHP content including classroom teaching and programming, portable video cameras with microphones for all classrooms, enhanced video components for each

classroom instructional computer, two high definition monitors, and DVD production equipment. (CSU Goal 3 and Goal 5)

The College of Education and Health Professions Media Production Studio established the University's first streaming television network. The studio is responsible for creating the first "video classroom" in Jordan Hall 213. It is equipped with 3 PTZ cameras, remote computer and audio recording that is operated from the Studio. This facility has demonstrated, and maintained, the technology necessary to deliver on-demand and live programming to students, the local community and around the world. In FY11 COEHP purchased for the Studio a NewTek Tricaster and five hard drives.

The College of Education and Health Professions Media Production Studio has continued to develop education content for use in teaching/learning throughout the College and University. Informative education shows have been developed that highlight CSU faculty and students including such shows as: This Week in Space Science, Educational Forum, Counseling Now and others. All content is available in a number of platforms including iTunes, YouTube, and the On Demand website at [COEHP.TV](http://COEHP.TV). The facility has streamed live content to the web since October of 2009 on a 24 hours/ 7 day a week schedule. The studio employs student assistants and graduate assistants to schedule, edit and produce high definition productions that faculty can use in their face-to-face class or online classes. In addition, the studio provides students with the opportunity to create projects and demonstrations for their classes. During 2010-2011, the studio was able to acquire new recording and streaming equipment that keeps pace with the latest innovation in television streaming. Finally, the studio has recorded hundreds of hours of content and 9 complete courses using classroom 213. This classroom was designed to augment the studio's effort to provide high quality recording for courses that can be used in a variety of setting and platforms.

During 2011-2012, The College of Education and Health Professions Media Production Studio, [COEHP.TV](http://COEHP.TV), developed projects that support the mission of the College and the overall mission of the University through its use of cutting edge technology that supports teaching and learning efforts at CSU. This year the studio provided the Georgia Association for Colleges of Teacher Education with a showcase of work from BOR, PSC, Deans, Principals, teachers and students that accentuate education issues such as school improvement. The studio has completed work with the US Army at Fort Benning, Georgia's Maneuver Center of Excellence officer training program with a video production intended for use in classroom training efforts. In addition, faculty and students have created hundreds of hours of studio productions to enhance classroom participation and teaching/learning projects. Education productions include promotional and recruitment "commercials", panel discussions, interviews, professional conferences and demonstrations for skill based training. Shows have included the National Teacher of the Year, CSU donor presentations, student testimonials and faculty professional development projects.

Also during this year, the concept of "ColumbusState Television" was introduced. This proposal is based on the efforts from COEHP and is being developed and led by administrators across the University to develop high quality television productions that support the mission of the University, Colleges and Programs using the talent of faculty and students on campus. An infrastructure projects from UITS is supporting the

development of fiber-optic delivery of television to all campus buildings and to student dorms. This project is under way and has a tentative completion date in the first quarter of 2013. Content creation is an ongoing focus of the CSU TV task force and given the expected 2 channels for CSU television, The College of Education and Health Professions Media Production Studio is poised for continued growth.

3. Provide professional development to all faculty and staff on all instruction technology within the College of Education. (CSU Goal 5)

From Spring 2009 to the beginning of Fall 2010, 12 technology workshops/trainings were provided for COEHP faculty and staff. Workshops/trainings provided instruction on using ActivBoards (Promethean), Photo Story, Movie Maker, Mimeo Interactive White Board, Podcasting, Digital Media, Video Podcasting, and E-Clickers. In addition, seven technology presentations were given in classes taught by COEHP faculty. The COEHP technology trainer/coordinator also assisted three faculty/staff with the development of online materials.

From Fall 2010 through Spring 2011, 10 workshops/trainings were provided for COEHP faculty and staff. Workshops/trainings provided instruction on Photo Story and Movie Maker, Integrating Interactive White Boards into Teaching and Learning, Video Production, Podcasting and Screencasting, and iPad Basics.

From Fall 2011 through Spring 2012, 13 workshops/trainings were provided for COEHP faculty and staff. Workshops/trainings provided instruction on Integrating Interactive White Boards into Teaching and Learning, Personal Response Systems (clickers), Wireless Slates and other Peripheral Devices, and Creating Engaging Lessons with Technology.

In Fall 2011, Dr. Gary Shoupe led a series of workshops for faculty on distance learning and blended/hybrid course tools. Faculty learned new tool skills, enhanced existing courses in the university's learning management system, and collaborated with others to discover available tools for student use. Workshops were completely hands-on and included handouts and how-to video clips. Topics were:

- Workshop 1 – Basic Understanding of CougarVIEW Tools and Navigation
- Workshop 2 – Course Redesign
- Workshop 3 – WIMBA I: Creating a Live Classroom for You to Meet with Students
- Workshop 4 – WIMBA II: Uploading and Creating Powerpoints for Live Chatrooms
- Workshop 5 – WIMBA III: Live Chats with Student Engagement and Embedded Questions
- Workshop 6 – WIMBA IV: Displaying of URLs & PDF sharing for presentations

4. Create a new state-of-the-art Environmental Learning Center at Oxbow Meadows that is recognized a leader in the region. (CSU Goal 1 and Goal 3)

The new Environmental Learning Center at Oxbow Meadows was completed in Summer 2011. A grand opening was held on July 30, 2011 showcasing a new 8,000-plus square-

foot addition to the center. An 86-seat auditorium and more room for reptile and amphibian displays, both indoors and outdoors, are key elements of the new facility.

5. Increase number of classrooms in Jordan Hall. (CSU Goal 1 and Goal 2)

One classroom was added in Jordan Hall in 2009.

6. Increase number of 30+ classrooms in Jordan Hall. (CSU Goal 1 and Goal 2)

Two 30+ classrooms were added in Jordan Hall in 2009.

7. Create new front entrance to Jordan Hall. (CSU Goal 1 and Goal 2)

The 2<sup>nd</sup> floor lobby of Jordan hall was expanded and renovated to create a student lounge/work area.

8. Expand the Coca-Cola Space Science Center.

- a. Create a new addition of approximately 1000 square feet onto the Coca-Cola Space Science Center Center's existing lobby for additional exhibitions and functions. (CSU Goal 1 and Goal 2)

Funding for this expansion is being pursued as part of the CCSSC's Countdown to Launch Campaign to house nearly \$20 million in artifacts from NASA's shuttle program. This \$4 million campaign includes interior exhibit design, fabrication, and renovation (in addition to a 1000 square foot exterior addition). Stewardship and preliminary project presentations have been made to the CCSSC's two major corporate partners – Coca-Cola and Mead Westvaco. Funding proposals are being finalized for submission to these partners and relationships are being developed with the commercial space industry as well. Formal asks will begin in late summer 2012 with an estimated construction start date of fall 2013.

- b. Create a new 8000 sq. ft. research and academic facility next to Coca-Cola Space Science Center Center's to include three educational 50 seat classrooms, three laboratories, 10 faculty offices, and a large multi-purpose auditorium to enhance STEM related fields at CSU. (CSU Goal 1 and Goal 2)

This addition has been submitted for consideration as part of the university's long-term master plan for the campus.

9. Expand space available to the Department of Health, Physical Education and Exercise Science (HPEX) to include the Health and Wellness Center (formerly Health and Safety).

The Health and Wellness Center was renovated for use by the Exercise Science and Health Science programs. The renovated facility opened for use in Fall 2011.

10. Expand space available to the School of Nursing. Renovate first floor of Illges to include space for simulation labs.

The Medical College of Georgia has moved out of Illges to the Faculty Office Building. VitalSim mannequins have been obtained for use in simulation labs.

Lab space has been renovated on the first floor of Illges Hall and includes two separate 7-bed labs. One lab has the two high fidelity mannequins in it and the other is an open bed lab. A separate space was also created for pediatric simulation experiences that include a high fidelity infant mannequin. Ten moderate fidelity mannequins were purchased and are located in the third floor lab space.
